

Transformation Schools

Targeting investment where it's needed most

The single most important factor in a child's education is the quality of the teacher in the classroom.

That's why the \$50 million Quality Education for All Fund will invest in:

- Incentives to retain top educators
- Training programs for new teachers
- New 21st Century technology for students and teachers
- Building a deeper bench of principals and assistant principals
- Dedicated district staff focusing solely on the zone
- Modern policies and data systems

36 schools • 1,165 teachers • 16,800 students • 87% qualify for free or reduced price lunch
